

Yes, I will support Florida's horticultural research!

An Investment In The Future Of Environmental Horticulture

FNGLA Endowed Research Fund

Research and education directly benefitting Florida's nursery industry are the key to future growth and competitiveness. The University of Florida's Institute of Food and Agricultural Sciences (UF/IFAS) research programs develop new technological advances for our industry. These advances are extended to the nursery and landscape industry via extension specialists and county agents. Educational program and training provide our industry with strong future leaders.

To support UF/IFAS programs, the Florida Nursery, Growers And Landscape Association (FNGLA) has initiated an Endowed Research Fund. FNGLA's goal is to provide sustainable funding to directly benefit the nursery and landscape industry.

The University of Florida Foundation, Inc. is the repository for the donations and the principal is preserved in perpetuity to provide earnings that will support UF/IFAS programs.

A contribution to the FNGLA Endowed Research Fund is an investment for the future of Florida's nursery and landscape industry. Your support does make a difference.

Please make check payable to University of Florida Foundation, Inc.-SHARE and earmark the check for FNGLA Endowed Research Fund

Name: _____
Firm/Organization: _____
Address: _____
City: _____
State: _____
Zip: _____
